## Jointure Television and Computer Use Policy

The Jointure provides an activity-focused early learning environment for students of all ages. We believe children learn best through active participation, hands-on experiences, interactive conversation, and exploration. Utilizing technology in the classroom is a valuable resource and allows for various teaching methods when used appropriately. The Jointure follows recommendations established by the American Academy of Pediatrics, which has found that too much television viewing has been linked to poor performance in school, overweight children, and the establishment of poor dietary habits.

Children under the age of two will not have access to television viewing, which includes watching videos, or DVD's, playing video games, and using the computer.

Children age two and older who are in care four or more hours each day, television screen time is limited to 40 minutes per week and no more than 20 minutes at a time. Computer use is limited to 15 minute increments per child, except for school-age children who are completing homework, school work, or supervised enrichment activities.

Children age two and older who are in care less than four hours per day, television screen time is limited to 30 minutes per week. Computer use is limited to 15 minutes per child, except school-age children who are completing homework, school work, or supervised activities.

I have read and understand The Jointure's Television and Computer Policy .

After an hour or more after closing time, and provide that other arrangements for releasing the child to his/her custodial parent(s) or person(s) authorized by the custodial parent(s) have failed, and the staff member(s) cannot continue to supervise the child, the staff member shall call the *24-hour State Central Registry Hotline 1-877-NJ-ABUSE (1-877-652-2873)* to seek assistance in caring for the child until the parent(s) or person(s) authorized by the child's parent(s) is able to pick up the child.

If the custodial parent(s) or person(s) authorized by the custodial parent(s) appears to be physically and/or emotionally impaired to the extent that, in the judgement of the Director and/or staff member, the child would be placed at risk of harm if released to such an individual, the staff member(s) shall adhere to the following procedure;

1. The child may not be released to such an impaired individual.
2. Staff member(s) attempts to contact the child's other custodial parent or an alternative person(s) by the parent(s) for pick-up.
3. If staff are unable to make alternative arrangements, a staff member shall call the *24-hour State Central Registry Hotline 1-877-NJ-ABUSE (1-877-652-2873)* to seek assistance in caring for the child.

**Department of Children and Families**  
**Office of Licensing**  
**INFORMATION TO PARENTS**

Under provision of the **Manual of Requirements for Child Care Centers** (N.J.A.C. 3A:52), every licensed child care center in New Jersey must provide to parents of enrolled children written information on parent visitation rights, State licensing requirements, child abuse/neglect reporting requirements and other child care matters. The center must comply with this requirement by reproducing and distributing to parents this written statement, prepared by the Office of Licensing, Child Care & Youth Residential Licensing, in the Department of Children and Families. In keeping with the requirement, the center must secure every parent signature attesting to his/her receipt of the information.

Our center is required by the State Child Care Center Licensing law to be licensed by the Office of Licensing (OOL), Child Care & Youth Residential Licensing, in the Department of Children and Families (DCF). A copy of our current license must be posted in a prominent location at our center. Look for it when you're in the center.

To be licensed, our center must comply with the Manual of Requirements for Child Care Centers (the official licensing regulations). The regulations cover such areas as: physical environment/life-safety; staff qualifications, supervision, and staff/child ratios; program activities and equipment; health, food and nutrition; rest and sleep requirements; parent/community participation; administration and record keeping requirements; and others.

Our center must have on the premises a copy of the Manual of Requirements for Child Care Centers and make it available to interested parents for review. If you would like to review our copy, just ask any staff member. Parents may view a copy of the Manual of Requirements on the DCF website at <http://www.state.nj.gov/dcf/providers/licensing/laws/CCmanual.pdf> or obtain a copy by sending a check or money order for \$5 made payable to the "Treasurer, State of New Jersey", and mailing it to : NJSCF, Office of Licensing, Publication Fees, PO Box 657, Trenton, NJ 08646-0657.

We encourage parents to discuss with us any questions or concerns about the policies and program of the center or the meaning, application or alleged violations of the Manual of Requirements for Child Care Centers. We will be happy to arrange a convenient opportunity for you to review and discuss these matters with us. If you suspect our center may be in violation of licensing requirements, you are entitled to report them to the Office of Licensing toll free at 1 (877) 667-9845. Of course, we would appreciate your bringing these concerns to our attention, too.

Our Center must have a policy concerning the release of children to parents or people authorized by parents to be responsible for the child. Please discuss with us your plans for your child's departure from the center.

Our center must have a policy about administering medicine and health care procedures and the management of communicable diseases. Please talk to us about these policies so we can work together to keep our children healthy.

Our Center must have a policy concerning the expulsion of children from enrollment at the center. Please review this policy so we can work together to keep your child in our center.

Parents are entitled to review the center's copy of the OOL's Inspection/Violation Reports on the center, which are issued after every State licensing inspection of our center. If there is a licensing complaint investigation, you are also entitled to review the OOL's Complaint Investigation Summary Report, as well as any letters of enforcement or other actions taken against the center during the current licensing period. Let us know if you wish to review them and we will make them available for your review or you can view them online at [https://data.nj.gov/childcare\\_explorer](https://data.nj.gov/childcare_explorer).

Our center must cooperate with all DCF inspections/investigations. DCF staff may interview both staff members and children.

Our center must post its written statement of philosophy on child discipline in a prominent location and make a copy of it available to parents upon request. We encourage you to review it and to discuss with us any questions you may have about it.

Our center must post a listing or diagram of those rooms and areas approved by the OOL for the children's use. Please talk to us if you have any questions about the center's space.

Our center must offer parents of enrolled children ample opportunity to assist the center in complying with licensing requirements; and to participate in and observe the activities of the center. Parents wishing to participate in the activities or operations of the center should discuss their interest with the center director, who can advise them of what opportunities are available.

Parents of enrolled children may visit our center at any time without having to secure prior approval from the director or any staff member. Please feel free to do so when you can. We welcome visits from our parents. Our center must inform parents in advance of every field trip, outing, or special event away from the center, and must obtain prior written consent from parents before taking a child on each such trip.

Our center is required to provide reasonable accommodations for children and/or parents with disabilities and to comply with the New Jersey Law Against Discrimination (LAD), P.L. 1945, c.169 (N.J.S.A 10:5-1 et seq.), and the Americans with Disabilities Act (ADA), P.L. 101-336 (42 U.S.C. 12101 et seq.). Anyone who believes the center is not in compliance with these laws may contact the Division on Civil Rights in the New Jersey Department of Law and Public Safety for information about filing an LAD claim at (609) 292-4605 (TTY users may dial 711 to reach the New Jersey Relay Operator and ask for (609) 292-7701), or may contact the United States Department of Justice for information about filing an ADA claim at (800) 514-TTY).

Our center is required, at least annually, to review the Consumer Product Safety Commission (CPSC), unsafe children's products list, ensure that items on the list are not at the center, and make a list accessible to staff and parents and/or provide parents with the CPSC website at <http://www.cpsc.gov/Recalls>. Internet access may be available at your local library. For more information call the CPSC at (800) 638-2772.

Anyone who has reasonable cause to believe that an enrolled child has been or is being subjected to any form of hitting, corporal punishment, abusive language, ridicule, harsh, humiliating or frightening treatment, or any other kind of child abuse, neglect, or exploitation by any adult, whether working at the center or not, is required by State law to report the concern immediately to the *State Central Registry Hotline, toll free at (877) NJ ABUSE/ (877) 652-2873*. Such reports may be made anonymously. Parents may secure information about child abuse and neglect by contacting: DCF, Office of Communication and Legislation at (609) 292-0422 or go to [www.state.nj.us/dcf/](http://www.state.nj.us/dcf/).

# GUIDELINES FOR POSITIVE DISCIPLINE

Positive discipline is a process of teaching children how to behave appropriately. Positive discipline respects the rights of the individual child, the group, and the adult. Methods of positive discipline shall be consistent with the age and developmental needs of the children, and lead to the ability to develop and maintain self-control. Positive discipline is different from punishment. Punishment tells children what they should not do; positive discipline tells children what they should do. Punishment teaches fear; positive discipline teaches self-esteem.

You can use positive discipline by planning ahead:

- Anticipate and eliminate potential problems.
- Have consistent, clear rules that are explained to the children and understood by adults.
- Have a well-planned daily schedule.
- Plan for ample elements for fun and humor.
- Include some group decision-making.
- Provide time and space for each child to be alone.
- Make it possible for each child to feel he/she has had some positive impact on the group.
- Provide the structure and support children need to resolve their differences.
- Share ownership and responsibility with the children. Talk about our room, our toys.

You can use positive discipline by intervening when necessary:

- Re-direct to a new activity to change the focus of a child's behavior.
- Provide individualized attention to help the child deal with a particular situation.
- Use time-out—by removing a child for a few minutes from the area or activity so that he/she may gain self-control. (One minute for each year of the child's age is a good rule of thumb.)
- Divert the child and remove from the area of conflict.
- Provide alternative activities and acceptable ways to release feelings.
- Point out natural or logical consequences of children's' behavior.
- Offer a choice only if there are two acceptable options.
- Criticize the behavior, not the child. Don't say "bad boy" or "bad girl." Instead you might say "That is not allowed here."

You can use positive discipline by showing love and encouragement:

- Catch the child being good. Respond to and reinforce positive behavior; acknowledge or praise to let the child know you approve of what he/she is doing.
- Provide positive reinforcement through rewards for good behavior.
- Use encouragement rather than competition, comparison or criticism.
- Overlook small annoyances, and deliberately ignore provocations.
- Give hugs and caring to every child every day.
- Appreciate the child's point of view.
- Be loving, but don't confuse loving with license.

Positive Discipline is NOT:

- Discipline a child for failing to eat or sleep or for soiling themselves.
- Hitting, shaking, or any other form of corporal punishment.
- Using abusive language, ridicule, hard, humiliating or frightening treatment or any other form of emotional punishment of children.
- Engaging in or inflicting any form of child abuse and/or neglect.
- Withholding food, emotional responses, stimulation, or opportunities for rest or sleep.
- Requiring a child to remain silent or inactive for an inappropriately long period of time.

Positive discipline takes time, patience, repetition and the willingness to change the way you deal with children. But it's worth it, because positive discipline works.

## **The Jointure Discipline Policy**

1. Children shall not be deprived of food or water, isolated, subjected to corporal punishment, or required to participate in abusive or excessive physical exercise as means of punishment by staff.
2. The following describes the way we handle behavior deemed appropriate to all Jointure Programs.
  - The Site supervisor/teacher is responsible for the behavior of children at his/her site. Should a problem arise, the Site Supervisor will be the one to handle it. His/her methods will include patience, understanding and kindness.
  - The Site Supervisor/teacher will try to redirect and interest the child in another activity (i.e. if a child is running around and being disruptive, have him/her sit quietly at a different table, work on a puzzle, collage or draw).
  - If the child does not respond to the above mentioned methods and continues to be disruptive, the child will be asked to be seated where the child will be able to see what is happening at the site but will not be able to participate until he/she has regained his/her self-control.
  - As a last resort, and only if the child is so disruptive that the normal daily activities cannot proceed, the parent/guardian may be called and asked to come and remove the child from the program. At that point, the supervisor and the parent/guardian will have a conference to exchange ideas on how to modify the child's behavior. The supervisor will contact the Director of Children's Programs regarding behavioral issues. The child may be suspended from the program at this point.
  - If, after returning to the program, the child continues to be disruptive and all methods of discipline have been exhausted, the child may be removed from the program permanently.

# Medication Administration in Child Care Policy and Procedures

**PURPOSE:** *This policy was written to encourage communication between the parent, the child's health care provider and the child care provider to assure maximum safety in the giving of medication to the child who requires medication to be provided during the time the child is in our care.*

**INTENT:** *To ensure the health and safety of all children in our center/program is a team effort by the Jointure, family and health care provider. This is particularly true when medication is necessary to the child's participation in our programs. Therefore, an understanding of each of our responsibilities, policies and procedures concerning medication administration is critical to meeting that goal.*

## **GUIDING PRINCIPALS AND PROCEDURES:**

1. Whenever possible, it is best that medication be given at home. Dosing of medication can frequently be done so that the child receives medication prior to going to our center/program, and again when returning home and/or bedtime. The parent/guardian is encouraged to discuss this possibility with the child's health care provider.
2. The first dose of any medication should always be given at home with sufficient time before the child returns to child care to observe the child's response to the medication given. When a child is ill due to a communicable disease that requires medication or treatment, the health care provider may require that the child be on a particular medication for 24 hours before returning to the center or program. This is for the protection of the child who is ill as well as the other children in the center or program.
3. Medication will only be given when ordered by the child's health care provider and with written consent of the child's parent/legal guardian. A "Permission to Give Medication in Child Care" form is attached to the policy and will hereafter be referred to as the Permission Form. All information on the Permission Form must be completed before the medication can be given. Copies of this form can be duplicated or requested from the Jointure.
4. "As needed" medication may be given only when the child's health care provider completes a Permission Form that lists specific reason and times when such medication can be given.
5. Medications given in the Center/Program will be administered by a staff member designated by the Center Director and have been informed of the child's health needs related to the medication and will have had training in the safe administration of medication.
6. Any prescription or over-the-counter medication brought to the center/program must be specific to the child who is to receive the medication, in its original container, have a child-resistant safety cap, and labeled with the appropriate information as follows:
  - Prescription medication must have the original pharmacist's label that includes the pharmacist's phone number, the child's full name, name of the health care provider prescribing the medication, name and expiration date of the medication, the date it was prescribed or updated, and dosage, route, frequency, and any special instructions for its administration or storage. It is suggested that the parent/legal guardian ask the pharmacist to provide the medication in two containers, one for home and one for the Center/Program.
  - Over-the-Counter (OTC) medication must have the child's full name on the container, and manufacturer's original label with dosage, route, frequency, and any special instructions for administration and storage, and expiration date must be clearly visible.
  - Any OTC medication without instructions for administration specific to the age of the child receiving the medication must have a completed Permission Form from the health care provider prior to being given in the Center/Program.
7. Examples of over-the-counter medications that may be given include:
  - Antihistamines
  - Decongestants
  - Non-aspirin fever reducers/pain relievers
  - Cough suppressants
  - Topical ointments, such as diaper cream or sunscreen

8. All medication will be stored:

- Inaccessible to children
  - Separate from staff or household medications
  - Under proper temperature control
9. For the children who receive a particular medication on a long-term daily basis, the staff will advise the parent/legal guardian one week prior to the medication needing to be refilled so that needed doses of medication are not missed.
  10. Unused or expired medication will be returned to the parent/guardian when it is no longer needed or able to be used by the child.
  11. Records of all medication given to a child are completed in ink and are signed by the staff designated to give the medication. These records are maintained in the Center/Program.
  12. Information exchange between the parent/guardian and the Jointure about medication that a child is receiving should be shared when the child is brought to and picked up from the Center/Program. Parents/Guardians should share with the staff any problems, observations, or suggestions that they may have in giving medication to their child at home, and likewise with the staff from the center/program to the parent/guardian.
  13. Confidentiality related to medications and their administration will be safeguarded by the Center Director and staff. Parents/guardians may request to see/review their child's medication records maintained at the Center/Program at any time.
  14. Parent/guardian will sign all necessary medication related forms that require their signature, and particularly in the care of emergency contact form, will update the information as necessary to safeguard the health and safety of the child.
  15. Parent/guardian will authorize the Director or Director Designee to contact the pharmacist or health care provider for more information about the medication the child is receiving, and will also authorize the health care provider to speak with the Director or Director's Designee in the event that a situation arises that requires immediate attention the child's health and safety particularly when the parent/guardian cannot be reached.
  16. Parent/Guardian will read and have an opportunity to discuss content of this policy with the Director or Director's Designee. The parent signature on this policy is an indication that the parent accepts the guidelines and procedures listed in the policy, and will follow them to safeguard the health and safety of their child. Parent/Guardian will receive a copy of the signed policy including single copies of the records in this policy.
  17. The Medication Administration in Child Care Policy will be reviewed annually by the following:
    - ☐ Jointure Executive Director: Erica Cruz
    - ☐ Child Care Director: Darnell A. Scott
    - ☐ Licensing Consultant

# **Parent Social Media & Technology Policy**

## **Introduction**

Social media are powerful communication tools that can impact The Jointure & Creative Campus professional reputation. Social media can blur the line between personal and institutional opinions. The following policy is designed to clarify how best to protect personal and professional reputations when participating in social media. The goal is to establish practical and enforceable guidelines by which we can conduct ourselves in a constructive, positive and official capacity.

Social media are defined as media designed to be circulated through social interaction, using accessible online forums. Examples include but are not limited to Facebook, Instagram, LinkedIn, YouTube, and SnapChat.

Both in professional and institutional roles, employees need to follow the same behavioral standards online as they would in real life. The same laws, professional expectations, and guidelines for interacting with families, co-workers and the community apply online as they do on the job. Employees are liable for anything they post to social media sites.

## **Policies and Guiding Principles**

Only those officially designated can use social media to speak on behalf of The Jointure in an official capacity, though employees may use social media to speak for themselves individually or to exercise their legal rights under the National Labor Relations Act.

When engaging in social media activity:

- Protect confidential and proprietary information: Do not post confidential or proprietary information about The Jointure or Creative Campus, students, families or your co-workers. Examples include but are not limited to pictures or videos of students, negative comments about co-workers, and personal information about families. You must adhere to all applicable privacy and confidentiality policies. Employees who share confidential information do so at the risk of disciplinary actions or termination.
- Exercise personal responsibility: The Jointure trusts and expects employees to exercise personal responsibility when using social media, which includes not violating the trust of those with whom they are engaging. Employees should never use social media for covert advocacy and marketing when acting in a professional capacity. If and when employees use social media to communicate on behalf of The Jointure, they should clearly identify themselves as employees.
- Respect the Jointure time and property: Jointure computers and time on the job are reserved for center related business as approved by supervisors and in accordance with teacher/staff job descriptions. Abuse and misconduct associated with use of center computers and time will be done at the risk of disciplinary action.
- Don't use The Jointure logos for endorsements: Do not use The Jointure or Creative Campus logo or any other center images or iconography on personal social media sites. Do not use The Jointure's or Creative Campus name to promote a product, cause, or political party or candidate.

- Respect copyright and fair use: When posting, be mindful of the copyright and intellectual property rights of others and of The Jointure and Creative Campus.

## **The Jointure Expulsion Policy**

Unfortunately, sometimes there are reasons we have to expel a child from our program either on a short term or permanent basis. We want you to know we will do everything possible to work with the family or the child (ren) in order to prevent this policy from being enforced. The following are reasons we may have to expel or suspend a child from the program:

### **IMMEDIATE CAUSES FOR EXPULSION**

- The child is at risk of causing serious injury to other children or him/herself.
- Parent threatens physical or intimidating actions toward staff members.
- Parent exhibits verbal abuse to staff in front of the enrolled children.

### **PARENTAL ACTIONS FOR CHILD'S EXPULSION**

- Failure to pay/habitual lateness in payments.
- Failure to complete required forms including the child's immunization records.
- Habitual tardiness when picking up a child.
- Verbal abuse to staff or children.
- Other (explain)

### **CHILD'S ACTIONS FOR EXPULSION**

- Failure of child to adjust behavior after a reasonable amount of time.
- Uncontrollable tantrums/angry outbursts.
- Ongoing physical or verbal abuse to staff or other children.
- Excessive biting
- Other (explain)

### **SCHEDULE OF EXPULSION**

- If after remedial actions above have not worked, the child's parent/guardian will be advised verbally and in writing about the child's or parent's behaviors warranting an expulsion. An expulsion action is meant to be a period of time so that the parent/guardian may work on the child's behavior or come to an agreement.
- The parent/guardian will be informed regarding the length of the expulsion period.
- The parent/guardian will be informed of the expected behavioral changes required in order for the child or parent to return to the program.
- The parent/guardian will be given specific expulsion date that allows the parent sufficient time to seek alternate child care (approximately one to two weeks' notice depending on risk to other children's welfare or safety).
